Policy Statement

Complaints and appeals will be managed in a transparent, fair and equitable manner.

Principles

The following principles apply:

1. Students and prospective students can access the complaints policy and procedures regardless of the campus where they study or their mode of study.
2. All complaints and appeals must be made in a timely manner, will be dealt with promptly and will progress through the information and formal stages according to this policy.
3. All parties to a complaint or appeal have the right to be represented by a third person (such as a family member, friend, counsellor, or another professional support person) if they so desire.
4. The parties to a complaint or appeal will not be victimised or discriminated against during any stage of the process as set out in this policy.
5. All complaints and appeals will be treated with confidentiality. Access to information in relation to the complaint or appeal will be provided only to staff on a 'need-to-know' basis.
6. All matters arising from the complaint and/or appeal proceedings shall be accurately documented and recorded. Records shall be maintained for a minimum period of five years and treated as confidential in accordance with the Institute's Privacy Policy.
7. All parties to a complaint or appeal proceeding will be allowed supervised access to all records of the complaint or appeal on written request to the Office of the Registrar.
8. The cost of the Four Stages of the process will be free of charge. The cost of external appeal (Stage 4) will be borne by the Appellant but reimbursed by the Institute if found in the Appellant's favour.
9. Complaint proceedings may not be run concurrently. Where a grievous complaint is lodged to delay another proceeding, it will be dismissed on the grounds that it is frivolous and lacking substance.

Complaints & Appeals Procedures for Non-Academic Matters

The Institute's framework for dealing with non-academic complaints and appeals is broken down into four stages designed to process and determine complaints and appeals in a timely manner, with fairness and protection for all concerned parties.

- | | |
|----------|--|
| Stage 1: | Informal approach to the person(s) directly involved to resolve issue |
| Stage 2: | Lodging a formal complaint with the Office of the Registrar |
| Stage 3: | Complaint/Appeal assessed by internal Complaints and Appeals Committee |
| Stage 4: | Complaint/Appeal assessed by external Student Appeals Committee |
| Stage 5: | Complaint/Appeal assessed by external mediation/dispute resolution |

Complainants are encouraged to seek the resolution of any academic matters informally with the person(s) directly involved (Stage 1) before initiating a formal complaint request under Stage 2.

During the complaints and appeals process, a student's enrolment status will be maintained, and the student must continue their studies for the duration of the process, except where their health or safety is potentially at risk, or the matter poses a health or safety risk to others.

Where the Complainant or Appellant is an international student, and their complaint or appeal relates to not meeting course progression requirements or not finishing their course of study within the registered duration, the student will be notified in writing of ICAT's intention to cancel the student's enrolment and electronic Confirmation of Enrolment (eCoE) which will inform the Department of Home Affairs (DHA). In this event, the student will be advised that they have twenty (20) working days to access the Institute's complaints and appeals process.

1. Stage 1: Informal approach to the person directly involved

In the first instance, complaints should be discussed with the person(s) involved to settle the matter directly. When trying to settle a complaint directly, the Complainant should:

- Clearly identify the issue (complaint)
- Outline a process to resolve the issue
- Propose an outcome that they believe will settle the matter

If the circumstances are such that direct discussion is impractical, or the Complainant has concerns about approaching the person(s) directly, then the complaint should be submitted to the Office of the Registrar at registrar@icat.edu.au within five (5) working days of the event or the publication of results (grades) for the trimester.

The complaint should:

- Clearly identify the issue
- Outline a process to resolve the issue
- Propose an outcome that they believe will settle the matter

The Registrar will acknowledge receipt of the complaint within two (2) working days of receipt of the email and refer the matter to the appropriate staff member.

The arrangement is free of charge, and every effort will be made to provide an outcome within ten (10) working days of receiving the complaint.

If the informal approach does not lead to an acceptable resolution, the Complainant may progress to Stage 2.

2. Stage 2: Lodging a formal complaint with the Office of the Registrar

Complainants wishing to lodge a formal non-academic complaint must do so in writing by completing a 'Formal Complaint Form' within five (5) working days of receiving the outcome of the complaint submitted to the Office of the Registrar in Stage 1.

The form must be completed in full and include the following information to assist with any investigation and the determination of a reasonable resolution:

- A clear description of the complaint, including date, location and person(s) involved
- A summary of the steps taken to date to try to resolve the complaint informally
- A proposed resolution that they believe will settle the complaint

- Attach any documentation in support of the complaint or proposed resolution

The completed form and any supporting documentation must be submitted to the Office of the Registrar via email to registrar@icad.edu.au. Applications are only considered complete and eligible for consideration when all sections have been filled in and signed by the Complainant. Incomplete applications will not be processed.

A Complainant may withdraw a non-academic complaint at any stage by giving written notice to the Office of the Registrar.

2.1. Review and consideration of the formal complaint

The complaint form is checked for completeness by the Office of the Registrar at the time of submission. It is the responsibility of the Complainant to provide a clear description of the complaint and to keep a copy of the form and any supporting documentation submitted. The Registrar will acknowledge receipt of each completed application and refer the matter to the Complaints and Appeals Committee within two (2) working days.

2.2. Referral of the matter to the Complaints and Appeals Committee

The Office of the Registrar will forward the Formal Complaint Form and attachments to the Complaints and Appeals Committee within two (2) working days of acceptance and record the complaint in the Complaints and Appeals Register.

2.3. Investigation of the complaint

The Complaints and Appeals Committee will investigate the matter within five (5) working days of acceptance of the Formal Complaint Form by the Office of the Registrar. The Committee will attempt to resolve the matter through investigation and conciliation and may also refer the Complainant to the appropriate support services during this process.

In conducting the investigation, the Committee may engage in several activities to gather and test information in relation to the matters, such as, but not limited to:

1. A review of Institute policy and/or procedure
2. A review of course materials, assessments and/or evaluations
3. Interview and discussion with other members of staff and/or students
4. A formal meeting with all or some of the parties to the complaint
5. Seek external expert advice

The Committee will maintain a file of all correspondence and communication in relation to their investigation.

If the Committee is unable to investigate the complaint due to insufficient information or clarity of information, the Complainant will be advised in writing within five (5) business days of the acknowledged receipt of the Formal Complaint Form outlining what is required for the investigation to continue.

2.4. Notification of the decision and offer of resolution

In all cases, ICAT will provide a written communication to the Complainant advising the outcomes of any complaint investigation, an offer of resolution, the reasons for the decision and their right to appeal.

The Committee Chair will draft the appropriate communication using the Complaint Outcome Template Letter and forward the signed copy to the Office of the Registrar to record the outcome in the Complaints & Appeals Register. The Office of the Registrar will forward the letter to the Complainant.

2.5. Respond to the Complaint Outcome Letter

The Complainant must accept or decline any offer of resolution within ten (10) working days of the date of their Complaint Outcome Letter.

2.5.1. The Complainant accepts the Institute's decision and offer of resolution

If the Complainant accepts the offer of resolution as outlined in their Complaint Outcome Letter, they must formally accept the Institute's decision and acknowledge their understanding of any implications by signing and returning a copy of the letter to the Office of the Registrar.

On receipt of the signed acknowledgement, the resolution(s) will be implemented immediately. The implementation of the accepted resolution(s) will be managed by the Committee and the Office of the Registrar.

2.5.2. The Complainant rejects the Institute's decision and offer of resolution

Complainants have the right of appeal if they believe their complaint has not been adequately resolved.

If the Complainant rejects the resolution offer outlined in their Complaint Outcome Letter, they may appeal the Institute's decision to the external Student Appeals Committee. The appeal must be submitted in writing using the 'Application to Appeal' form within twenty (20) working days from the date of the Complaint Outcome Letter.

Where the Complainant is an international student, and the outcome of their appeal or complaint may affect their course progression or ability to complete their course in the registered duration shown on their eCoE, ICAT will not report any changes in PRISMS during this time. However, if the appeal is unsuccessful, enrolment will be cancelled and access to all Institute services will be withdrawn at the end of the appeal process. ICAT will also report the change to enrolment to the Department of Education via PRISMS within five (5) working days of the end of the appeal process.

3. Stage 3: Lodging an internal appeal to the Appeals Committee

An appeal against an academic determination as a result of a formal non-academic complaint process (Stage 2) may be made on the following grounds:

1. The Complaints and Appeals Committee for the matter has not communicated a decision within twenty-five (25) days of the acceptance of the Formal Complaint Form in relation to

the complaint.

2. There is new evidence of a relevant nature that was not available during the process at Stages 1 and 2.
3. The determination was made without considering the facts, evidence, or circumstances.
4. There was bias, prejudice or a conflict of interest by the Committee.
5. A significant irregularity of policy or procedure occurred during the investigation.

ICAT will not accept an appeal against a determination when the 'Application for Appeal' has been made outside the time allowed for the lodgement of an appeal or where the appeal is based on the following claims:

- The unit structure and assessment method
- Student workload or the amount of work the student has done
- The financial implication of failing a unit
- Grades received by the student in other units
- Penalties imposed for poor attendance or academic integrity, such as plagiarism
- The need for more marks to achieve a pass or better grade in the unit

3.1. The Complaints and Appeals Committee

The Complaints and Appeals Committee is an internal committee and shall consist of four persons; Director of Education [Chair], Director of Operations and Compliance, Academic Coordinator and Compliance Administrator. This committee handles internal complaints and appeals from students and will mitigate risk, resolve conflict and hear and make a decision on each case. Should the student wish to appeal the decision of the Complaints and Appeals Committee the case will be delegated to the external body, the Student Appeals Committee.

3.2. The Student Appeals Committee

The Student Appeals Committee is a sub-committee of the Academic Board and shall consist of four persons, each of whom has had no prior involvement in the matter being heard – Chair of the Academic Board or nominee, Academic Dean, a senior Academic staff member and the Registrar. All members of the Student Appeals Committee are required to declare any conflict of interest in relation to any matter brought before the Student Appeals Committee if a conflict exists. Where a conflict of interest exists, the member may be required to withdraw from hearing that matter, and the Chair of the Student Appeals Committee will nominate an alternate.

The Student Appeals Committee shall hear the appeal within ten (10) working days of receipt in accordance with the procedures detailed below.

The decision of the Student Appeals Committee shall be final. If necessary, the Student Appeals Committee Chair shall have a casting vote. The Student Appeals Committee Chair shall seek to ensure that any actions arising from the decision of the Student Appeals

Committee are taken within the timescale identified in the report and shall report any failure to complete actions to the Academic Board.

3.3. Lodging an appeal application to the Office of the Registrar

Where the Appellant is appealing the decision of the Complaints and Appeals Committee, they must lodge an 'Application to Appeal' form within twenty (20) working days of receiving their Complaint Outcome Letter.

Where the Appellant is appealing the lack of decision by the Complaints and Appeals Committee within the required timeframe, they must lodge an 'Application to Appeal' form within thirty (30) working days of the acceptance of their Formal Complaint Form.

3.4. Submitting an appeal application form

Appellants wishing to lodge an appeal to the Student Appeals Committee must complete an 'Application to Appeal' form, which can be downloaded from the Institute website. The appeal form must provide the following information to assist with the investigation and determination of a resolution:

- A clear description of the complaint, including date, location and person(s) involved
- A statement of their grounds for appeal
- A proposed outcome that they believe will settle the issue
- Attach any documentation in support of the complaint or proposed outcome

The completed form and any supporting documentation must be submitted to the Office of the Registrar via email to registrar@icat.edu.au. Applications are only considered complete and eligible for consideration when all sections have been filled in and signed by the Appellant. Incomplete applications will not be processed.

An Appellant may withdraw a non-academic complaint at any stage by giving written notice to the Office of the Registrar.

3.5. Check application for completeness and acknowledge receipt

The appeal application is checked for completeness by the Office of the Registrar at the time of submission. All forms are required to be completed and signed. The Appellant must provide a clear description of the circumstances, the reasons for the appeal and keep a copy the form and supporting documentation. The Registrar will acknowledge receipt of each completed application at the time of submission, record the appeal in the Complaints & Appeals Register, and forward the completed application to the Chair of the Student Appeals Committee within two (2) business days.

3.6. Assessment of the Appeal

The Student Appeals Committee Chair will review the appeal within ten (10) working days of acceptance of the completed appeal application by the Registrar and will make one of the following determinations:

3.6.1. Accept the appeal for hearing and determination

Where the appeal is accepted for hearing and determination, the Student Appeals Committee Chair will advise the Appellant and all relevant parties in writing within five (5) working days of the following:

- The accepted grounds for appeal.
- The date, time and location of the appeal hearing (at least ten (10) working days from the date of the letter).
- The deadline for submission of any additional evidence by any relevant party (no later than seven (7) working days before the hearing date).
- The right of all relevant parties to bring a support person of their choosing, but not legal representation, unless permission is granted in writing by the Student Appeals Committee Chair.

The Student Appeals Committee Chair will forward the appeal and all related documents to the members of the Student Appeals Committee and the Appellant five (5) working days before the hearing date.

3.7. The Hearing

The Student Appeals Committee Chair will be responsible for conducting the appeal proceedings to meet the circumstances of the case and the requirements of natural justice.

The Appellant will be allowed to address the Student Appeals Committee, and their support person may assist them in stating their case.

Any party to the appeal may request an adjournment. The Student Appeals Committee will consider any such request and determine as the Committee sees fit to meet the circumstances of the case and the requirements of natural justice.

3.8. Decision by the Student Appeals Committee

The Student Appeals Committee may determine the appeal on the same day as the hearing or may reserve its decision to a later date.

In determining their decision, the Student Appeals Committee shall establish the exact nature of the complaint, establish the facts as far as it is possible to do so and consider the evidence presented at the hearing. The decision of the Student Appeals Committee on any matter shall be by a majority vote, with each member of the Committee entitled to one vote. If necessary, the Student Appeals Committee Chair will have the casting vote and the decision of the Student Appeals Committee shall be final.

The Student Appeals Committee Chair will report its decision in writing to the Office of the Registrar within five (5) working days, with copies to all relevant parties.

3.9. Enforcement of the decision

The Student Appeals Committee Chair will seek to ensure that any action(s) arising from the decision of the Student Appeals Committee are taken within the timescale identified in their written determination and shall report any failure to complete actions to the Academic Board.

4. Stage 4: Lodging an appeal for External Mediation & Dispute Resolution

If the Appellant is dissatisfied with the outcome of the internal appeal process by the Student Appeals Committee, and the determination of the external Student Appeals Committee, they may elect for the matter to be resolved through external mediation.

In accordance with the National Code [10.3] a student will be notified within ten working days of the outcome of their right to access an external appeal.

In accordance with the National Code [10.4] If the outcome of a student's appeal through ICAT's internal or external complaints and appeals handling process is favourable to the student, ICAT will immediately advise the student of this and implement any decision and/or corrective and preventive action required.

5. Outcomes

ICAT will make clear to overseas students that in most cases, the purpose of the external appeals process is to consider whether ICAT has followed its policies and procedures, rather than to make a decision in place of the institution.

For example, if an overseas student appeals against his or her subject results and goes through the registered provider's internal appeals process, the external appeals process would look at the way in which the internal appeal was conducted; it would not make a determination as to what the subject result should be.

ICAT will report an overseas student for unsatisfactory course progress or attendance in PRISMS after:

- the internal and external complaints processes have been completed and the breach has been upheld;
- the overseas student has chosen not to access the internal complaints and appeals process within the 20-working day period;
- the overseas student has chosen not to access the external complaints and appeals process;
or
- the overseas student withdraws from the internal or external appeals process, by notifying the registered provider in writing.

When an external appeals process has been completed, ICAT must immediately implement the decision or recommendations and/or take the preventative or corrective action required by the outcomes of the external complaints handling or appeals process and notify the overseas student of the outcome.

4.1. Domestic Students

The external mediation and dispute process will be facilitated by the Resolution Institute, the national association of dispute resolvers. ICAT is a member of their domestic and international Student Mediation Schemes.

Appellants who wish to lodge an external appeal for mediation should contact the Resolution Institute directly. They refer them to a suitable mediator to begin the process of dispute resolution:

The Appellant may ask another person to accompany them to meetings with the mediator. The support person, however, is not the primary party and can only speak at the External Mediator's discretion.

ICAT agrees to participate in the mediation process and be bound by the recommendations of the External Mediator. The Director of Education will ensure that recommendations are followed within fourteen (14) working days of receipt of the External Mediation Report.

The referral service offered by the Resolution Institute is free of charge. The External Mediator will charge a fee for their service, which is to be borne by the Appellant. ICAT will reimburse the costs if the recommendations are found in the complainant's favour.

If a non-academic complaint remains unresolved after the external mediation and dispute resolution process, the Appellant may decide to refer the matter to an external agency, such as the Administrative Appeals Tribunal, NSW Ombudsman, Victorian Ombudsman, NSW Anti-Discrimination Board; NSW Office of Fair Trading; Victorian Ombudsman; Victorian Equality Opportunity & Rights Commission and Victorian Consumer Affairs.

4.2. International Students

International students who wish to lodge an external appeal against the internal appeal process and the determination by the Student Appeals Committee may contact the Overseas Students Ombudsman. The Overseas Students Ombudsman offers a free and independent service for international students who wish to lodge an external appeal against a decision made by their education provider.

Further complaints and appeals

If an overseas student is not satisfied with the outcome of either the registered provider's internal appeals process or the following external appeals process, they can access

multiple external appeals. However, the registered provider does not have to assist the overseas student with finding further appropriate appeals processes.
